## Knowledge Organiser

### Spring Term

'A Land Down Under.'

## Key books

### A Land Down Under

Our topic this term is all about Australia. We will begin by locating Australia on a world map, identifying human and physical features and comparing Australia to the UK. We will also learn about Amy Johnson, the first woman to fly solo from London to Australia.

### Science- Animals Including Humans and Living Things and their Habitats.

Our science this term is all about animals, living things and where they live. We will be thinking about different types of animals and their basic needs for survival. We will also explore the human body and think about our five senses.

This term we will be looking at the above texts. We will be exploring each text and using their structures to write our own stories. We will also be writing our own winter poems and writing non-chronological reports about Australian animals. We will be embedding our new phonics scheme 'Little Wandle' and continuing with daily reading sessions.

### Maths

In maths, we will continue to follow the Maths No Problem scheme. We will be looking at multiplying and dividing numbers and also investigating shapes and their properties.

### Art

In art this term Year 1 will be looking at the artist Mark Rothko with a specific focus on colour. Year 2 will be studying the artist George Seurat. They will be using print to create their own pieces of artwork.

## RE

Our RE focus this term is all about 'Caring for the World.' Throughout the term we will be exploring the Creation Story and what we can do to look after our world. We will be considering how to keep our world a special place. As we approach Easter we will also be considering the question, 'Why does Easter matter to Christians?'

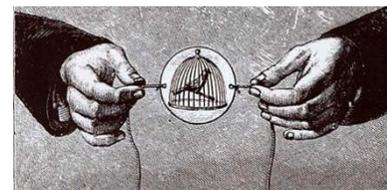

## PSHE

Our PSHE focus this term is 'Health and Wellbeing' where we will be exploring the question, 'What makes us healthy?' We will be thinking about what it means to be healthy and who helps us to stay healthy. We will be considering ways to look after ourselves including good hygiene and looking after our teeth.

## Computing

Our computing sessions this term will focus on developing our basic computer skills. We will learn how to take photos and videos using a chrome book as well as learning how to save our work. We will then be exploring animation and having a go at creating our own simple animations.

PE will continue to be on a Tuesday morning and Friday afternoon.

Mrs Hunt will also teach music every Friday.

## DT

In DT, we will be designing and creating our own toy aeroplanes. We will be evaluating our products and considering what went well and how we could improve our designs in the future.
