

MATHS & ENGLISH

Maths: Following White Rose Maths to develop place value and the four operations, beginning with fractions. Children continue to develop fluency, problem-solving, and reasoning skills.

English: Cross-curricular lessons themed around Egypt. Children write detailed descriptions, non-chronological reports on the Nile's importance, and persuasive travel brochures.

HISTORY & GEOGRAPHY

Ancient Egypt: Explore the who, when, and where of the civilisation, from the first pharaoh (c. 3100 BC) to the Roman invasion (31 BC), looking at timeline chronology, achievements, and legacy.

Geography: Focusing on physical geography and the supreme, life-giving importance of the River Nile.

SCIENCE: EARTH & SPACE

Cosmology: Learning about the movement of the Earth and other planets relative to the Sun, and the Moon's movement relative to Earth.

Spherical Bodies & Rotation: Describing approximately spherical celestial bodies. Explaining day/night and the sun's apparent sky movement using Earth's rotation.

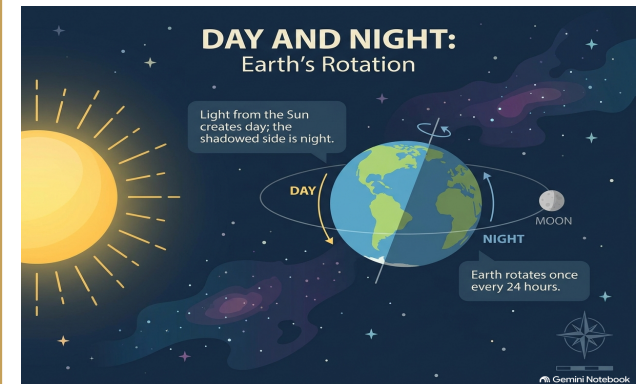

DT: SHADUF CONSTRUCTION

Engineering & Mechanics: Exploring pulleys and levers linked to Egyptian life.

Design & Build: Applying knowledge to design and construct a working model of a traditional Egyptian **shaduf** to lift water.

The River Nile & Ancient Egypt Map

Earth & Space Solar System Orbits

EGYPT AND THE EGYPTIANS

Creative, Personal & Technical Development Mind Map

ART & DESIGN

Print Techniques: Learning different print techniques with Andy Warhol's iconic pop art as our primary creative inspiration.

Recreation & Design: Recreating Warhol's screen-prints and designing unique custom editions using learned print methods.

RELIGIOUS EDUCATION

Identity & Values: Exploring identity and the core concept that being different is a wonderful gift.

Justice & Reconciliation: Exploring religious teachings on justice, freedom, and forgiveness. Questioning whether 'sorry' is a word or an action.

ICT DIGITAL LITERACY

Evaluation & Safety: Critically evaluating websites for reliability, bias, and authenticity, including social media platforms.

Responsible Use: Demonstrating safe online services usage, understanding report procedures, and the impact of uploading inappropriate content.

MUSIC CAROUSEL

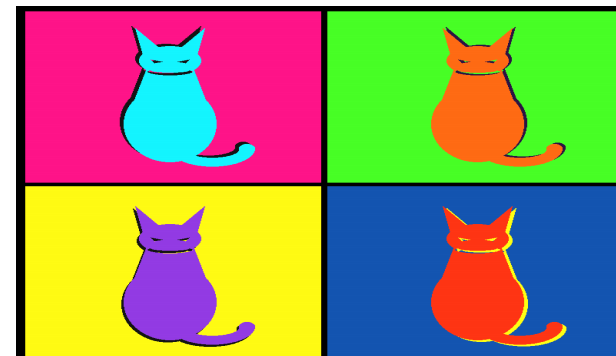

Charanga Scheme: Weekly Friday music lessons as part of the creative subject carousel.

Performance: Participating in and developing confidence through active group musical performances.

P.S.H.C.E DRUGS EDUCATION

Choices & Medication: Making informed health and medicine choices, identifying substances, and assessing risks/effects.

Dealing with Pressure: Discussing social influences, pressure, and developing vital skills to ask for help when needed.
